Organisational skills	good				
Computer skills	ICDL Certificate 9/10/2012				

Publications

- The Shaping Ability of Two Rotary Ni-Ti Instruments Compared to Stainless Steel hand Instruments in Curved Root Canals. (in progress)

- Effect of Intracanal Medication on Revascularization of Necrotic Immature Teeth. (in progress)

- Histological Identification of the Tissues Formed in Revascularization of Immature Dog Teeth. (in progress)

Presentations

- (2016) Second International Dental Conference
Ain Shams University – Egypt

- (2016) Latest Developments in Micro-Surgical Endodontics
Cape Town - South Africa

- (2016) 10th World Endodontic Congress
Cape Town - South Africa

- (2016) Second International Dental Conference of Ain Shams University 2016
Cairo - Egypt

- (2015) Modern Endodontics from Theory to Practice
Cairo University - Egypt

- (2015) 4th International Dental Conference
Cairo - Egypt

- (2004) Third International Endodontic Congress
Cairo – Egypt

Workshops

- (2004) Advanced Course in Maillefer Tapered Nickel Titanium Rotary System
Faculty of Dentistry - Suez Canal University

- (2013) Working Length Determination Using Digital Apex Locator, Root Canal Preparation Using Endoflare & One Shape , Obturation Using E&Q Plus Continuous Heat Wave & Injectable Thermoplastic Technique
Faculty of Dentistry - Suez Canal University

Msc Thesis Supervision

- (2018) The Efficacy of Ultrasonics versus XP-endofinisher for removal of intracanal medication
Faculty of Dentistry - Suez Canal University

- (2018) Efficacy of different activation techniques of irrigants on root canal and isthmus cleaning
Faculty of Dentistry - Suez Canal University

- (2018) Effect of two retreatment systems on the bond strength of bioceramic root canal filling.
Faculty of Dentistry - Suez Canal University

- (2018) Incidence of apical microcracks following retreatment of reciprocation instrument.
Faculty of Dentistry - Suez Canal University

- (2017) Comparison of cyclic fatigue resistance of two different heat-treated rotary files.
Faculty of Dentistry - Suez Canal University

PhD Theses Supervision

- (2017) Biocompatibility of Different Intracanal Medicaments (vivo and in vitro study).
Faculty of Dentistry – Suez Canal University

- (2017) Influence of Intra-Canal Cryotherapy on Post-Endodontic Pain and Expression of Periapical Cytokines
Faculty of Dentistry - Suez Canal University

Membership

- Head of Continuing Dental Education Center
Suez Canal University - Egypt

- Member of Research Ethics Committee.
Suez Canal University - Egypt
